Verse 1]

You made me take a look at me  
At all the flaws and what could be  
And all the things that you would reap  
Was hidden in me, I didn't wanna see, what was  
troublin me

[Interlude]

but your sledgehammer, comin down with the BOOM  
I mean I fell in love, with somethin inside of you  
I mean I love your heart, but it's your mind if I had to  
choose  
You're smilin at me smokin, but you are not amused

[Chorus]

Someday I'll laugh about it  
All that preciousness we had it  
Couldn't last like that, I doubt it  
But c'mon girl, let's laugh about it

[repeat Chorus]

[Verse 2]

The way you see the world is neat  
You're in the sun and cloudy peaks  
Please be my friend, oh would you please?  
But you're still on the move, smoke comin from your  
shoes

Meanwhile I'm still bruised

[Interlude + Chorus]

[Verse 3]

Let's just have a blast about it (ohh, some day)  
Couldnt've never found our paths without it (laugh  
about it)  
All the bullshit that surrounds it (ohh, some day)  
Let's just have a laugh about it (laugh about it)  
And I can never lose those memories  
Because you're screamin from the clouds, goin out  
The color from it painted these melodies

In fact I'm dreamin 'bout it now, UHH~!

[Breakdown]

Girl no! (Ay, we need to rethink this)

Girl no! (I mean, we been through too much)

Girl no! (And our friendship means everything)

(You know we can't take back what's done) Girl no!

(But I can't fathom not bein friends)

[Chorus with ad libs]
