Changed ya mind
I made you live a lover's life
Changed ya mind about all guys
No kiss at the end of the night
But if you will with me
When I'm sure that you can see
So when I ask you, "How you think it'd be"
Just when I thought you would say to me...No!

[Pharrell Williams and Spymob vocalist]
You keep me locked away (locked aaaway)
You don't want-to admit
About me and you (meee and youuu)
Hey! But I don't care because
You make life worth living(living)
You make love worth giving (giving)
You make time worth spending (spending)
So why ain't we worth admitting (admitting)

[Verse]
When you were in my arms
Though inside, I could see the stars
As if they were not far
I read what they were saying
They said the world is yours
With her you make it better
So imagine you two together

[Chorus]

(Hey!)
Hey but what if you
Miraculously feel what I do
Our split up can't beat us two
If I could speak in invisible proof
And your writing the same
Except you swap our names
Trying to figure out this wierd ass game
And you're like.... real confused (shit)

[Chorus]

[Outro]

It'd be so amazing
