Hey we need to stay together girl
Think about it
There was something about me and you girl
Look here

When God created human beings
I bet he didn't think of bombs and things
I bet he wonders why
Just like I never imagined it would be anything between
you and me
I know 'cause I cry
I cry

You were my sunrays
Without you girl there was no days
Never dreamt I'd speak the phrase
Now what the fuck just happened
You were the heart I owned
The beat just like a metronome
Can't breathe my heart is gone
Now what the fuck just happened
What just happened girl

I was always the one behind
You would run up and keep me in line
Looked up to you damn this hurts (Ohh)
All these years of discipline (Cmon)
Just to end up here at the end
Can you tell me what I've learned
What I've learned?...(Ohh)

We need to stay together girl (Ohh)
Hey
We need to stay together girl
Think about it

You were my sunrays (Ohh)
Without you girl there was no days
Never dreamt I speak the phrase
Now what the fuck just happened?
You were the heart I owned
That beat just like a metronome

Can't breathe my heart is gone
Now what the fuck just happened?

[2x]
You were my friend (Ohh)
My friend 'til the end
You were my friend (Hey)
Now what the fuck just happened

Hey (Ohh)
We need to stay together girl (Ohh)...(Ohh)
Hey girl
We need to stay together girl
Think about it baby

Look here baby
You were my sunrays
Without you girl there was no days
Never dreamt I speak the phrase
What the fuck just happened
You were the heart I owned
That beat just like a metronome
Can't breathe my heart is gone
What you bitch...
Hey
We gotta stay together girl!!!
Think about it, it might just work (Uh)
We gotta stay together girl!!!
I really need you back
Can you find it in yo heart
Cause we...
We gotta stay together girl
I mean it
Hey...(uh)
We gotta stay together girl!!!
Yea (Ohh)
Hey baby (Aww) (Aww)
It just might work (Ooooo) (Aww)
Think about it
