I was at a show  
Backstage untying my shoes  
There was your friend from wireimage  
Standing beside her was you  
And Nigo told me don't do it  
My nice image would go up in fumes  
The head without the ears heard it  
So you end up in my room

[Chorus:]

Textin me a 100 times  
Callin me a 100 times  
Hope it is not you this time  
Damn I gotta change my line  
Textin me you're gonna die  
Call a psychiatric line  
Friends and family should know why I'm  
Reportin this as a crime

I bet you heard this song,  
Wonderin who I'm talkin bout [x4]

You!

In these frustrating nights  
Emails that evoke tears  
(I like you, I like you, I love you, I think I'm dying!)  
My friend asked me for your email address  
She said she'd take it from here  
She said she'd tried to walk you through the picture but  
(He doesn't like you)  
For you nothing is clear  
(Haha, but why??)  
Now she too is frustrated and, damn,  
That's been a year

[Chorus:]

Textin me a 100 times  
Callin me a 100 times  
Hope it is not you this time  
Damn I gotta change my line  
Textin me you're gonna die

Call a psychiatric line  
Friends and family should know why I'm  
Reportin this as a crime

I bet you heard this song,  
Wonderin who I'm talkin bout [x4]

You!

[Bridge: Shae]  
As you listen to this song  
I hope your thought process evolves  
It's not your reasoning that's wrong  
It's that deep down everything is gone  
The place is empty no lights on  
Instead happiness should be sprawled  
Across the face of your heart's wall  
But you'll press pause  
And you'll just call....

[Pharrell:] Oh, baby, you cant help yourself [x2]

I bet you heard this song,  
Wonderin who I'm talkin bout [x4]

You!
