

N.E.R.D. (The Neptunes) "You Know What"

Visit "[You Know What](#)" on MotoLyrics.com

At first it started with the eyes
I'm like uh uh no way, yo sister, can't, no

and so the tension slowly builds
you got them slanted eyes that kill. All systems go!

then you kissed my cheek, my knees get weak
my heart just skipped a beat so i just froze

then you touch me there i knew you would
and girl you touched me good I'm like uh oh (hey girl)

Chorus :

you know what, know what, know what, you know what
I'm sorry sorry sorry sorry
it hurts me, it hurts you, it hurts me what we do
but its so good, so good, so good, so good

let me show you where u went wrong
you know that our sex took us to and fro

then you have the nerve to say your hurt
and fix your mouth to blame the Cuervo

then in me couldn't find you compromising
I'm just like you, now what, "you chose"

I don't want to say it again
but here it goes, fuck it "We just friend. Now where's
my clothes?"

Chorus :

you know what, know what, know what, you know what
I'm sorry sorry sorry sorry
it hurts me it hurts you, it hurts me what we do
but its so good, so good, so good, so good

what I'm gonna do when i can't get anymore
I'd rather not know oh!

cause if you wanna know the truth
nobody make me cum like you I just roll over

i can't let my mind think of you

i'll hit that dial to get you on the phone

cause baby it's just not the physical
i got what you Im addicted to you oh

you know what, know what, know what, you know what
I'm sorry sorry sorry sorry
it hurts me, it hurts you, it hurts me what we do
but its so good, so good, so good, so good

The rumors
The rumors
The rumors

this ain't right (you know so)
you know i want it (you know so)
you know i want it (you know so... you know)

Girl this ain't right (you know it too)
you know i want it (you know it too)
you know i want it (I'm mad at you)

you try to keep your feeling inside a rope
but then you wave down when you see me like "hey
hello"

as you know we never cared about our public face
i see it in you face a magnificent time to go"

how we gonna stop?

you know what, know what, know what, you know what
I'm sorry sorry sorry sorry
it hurts me, it hurts you, it hurts me what we do
but its so good, so good, so good, so good

Your friendship means the most of me wohoho
Your friendship means the most of me wohoho
