[Verse 1]

Stop

Tell me where to go

Cause I want to know

Where I'm really at with you

Fine

Then we're doing (fine)

Then you change your (mind)

Like your changing your shoes

If she's (What you really need)

Better for you than me

Then boy that's where you need to be

You

I'm really serious

There's no you and us

There's only you and me

[Chorus]

Is she the one that you want?

Is she the one that you need?

Boy what you want it to be?

Get yo mind right

Either you is or you ain't

Either you can or can't

Boy your still stuck on the playing

Get yo mind right

Am I the one that you want?

Am I the one that you need?

Boy what you want it to be?

Get yo mind right

Either you do or you don't

Either you will or you won't

You'll find yourself all alone

Oh oh oh

[Verse 2]

Boy either way you swing

I'm not gonna hate cuz

I'm gonna be okay

I take it as a loss

Brush and shake it off

There to fight another day

Stop acting like a fool  
Trying to play it cool  
Like there ain't no worries  
Better change your attitude  
I'll find another dude  
You better hurry

[Chorus]  
Get yo mind right  
Is she the one that you want?  
Is she the one that you need?  
Boy what you want it to be?  
Get yo mind right  
Either you is or you ain't  
Either you can or can't  
Boy your still stuck on the playing  
Get yo mind right  
Am I the one that you want?  
Am I the one that you need?  
Boy what you want it to be?  
Get yo mind right  
Either you do or you don't  
Either you will or you won't  
You'll find yourself all alone  
Oh oh oh

Let me know  
Let me know  
Let me know  
Let me know now (let me know now)  
Let you go  
Let you go  
Let you go  
Let you go now  
Let me know  
Let me know  
Let me know  
Let me know  
Let you go  
Let you go  
Let you go  
Let you go know  
LET ME KNOW  
LET ME KNOW

[Chorus]  
Get yo mind right  
Is she the one that you want?  
Is she the one that you need?  
Boy what you want it to be?  
Get yo mind right

Either you is or you ain't  
Either you can or can't  
Boy your still stuck on the playing  
Get yo mind right  
Am I the one that you want?  
Am I the one that you need?  
Boy what you want it to be?  
Get yo mind right  
Either you do or you don't  
Either you will or you won't  
You'll find yourself all alone  
Oh oh oh

It's so simply and plain  
You too full of your game  
Better get you mind right  
If you want me  
Let me know  
Or I let you go  
Get your mind right

Am I the one that you want?  
Am I the one that you need?  
Boy what you want it to be?  
Either you do or you don't  
Either you will or you won't  
You'll find yourself all alone
