Take heed, dear heart  
Once apart, she can touch nor me nor you  
Dressed as one  
A wolf will betray a lamb

Lead astray the gazers  
The razors on your seducing skin  
In the meadow of sinful thoughts  
Every flower's perfect

To paradise with pleasure haunted by fear

A sin for him  
Desire within  
A burning veil  
For the bride too dear for him  
A sin for him  
Desire within  
Fall in love with your deep dark sin

I am the Fallen  
You are what my sins enclose  
Lust is not as creative  
As it's discovery

To paradise with pleasure haunted by fear

A sin for him...

Bless me, undress me  
Pick your prey in a wicked way  
God I must confess... I do envy the sinners
