You throw away the gun
Did I tell you what's to be done
I need it to kill just one
And you said, "I cannot sit sadly by your side"
And you said, "I cannot sit sadly by your side"

I try to push open the door
Just to see what came before
But there is a body on the floor
And you said, "I cannot sit sadly by your side"
And you said, "I cannot sit sadly by your side"

You brought back that guitar
I told you I wanted it no more
It only plays the songs that no one is asking for
I cannot sit sadly by your side
I cannot sit sadly by your side

I bust in to the room not knowing really what to do
So I reach down and tear out page two hundred and
fifty two
It reads, "I can not sit sadly by your side"
It reads. "I can not sit sadly by your side"
