Just outside they're waiting
Just outside the circle
Waiting for that finger to point your way

Just keep runnin'
Just keep runnin'

Young ones quickly burning
Old ones die away
Fires lit to say goodbye or hello

Which way you're lookin'
Which way you're lookin'

Can't know who's that brought you
Lay your blessing and hand
Rid yourself of all regrets
Because here is where it all, all began

The bumblers gain, cheaters win
Where the winner pays the highest cost
You've laid your marker, now watch the ball
Hold your breath, it's about to fall

Just outside they're waiting
Just outside the circle
Waiting there is someone, I don't know who

I'm so open
I'm so open

I don't sleep most nights
Just lie awake and count my blessings
I keep this endless life
Of perfect hopeless mourning
I hold you till morning comes, it's all that I can do

I'm so open
I'm so open
I don't like this last goodbye
I don't like goodbye
