Once I had it all,
I held your heart & soul between my fingers
Now I've learned to crawl
It's something that I swore I'd never do
If I say nothing, you say nothing
Gold will turn to rust
'cause if I say nothing
Then there's only one of us

I tried to say your name
It only seems to end my conversation
Let's not play this game
'cause neither one of us has the strength
If you show nothing, I show nothing
Friendship turns to dust
'cause if you show nothing
Then there's only one of us
Then there's only one of us

You say you never tried
If seeing is believing, baby can you see me now
& if I say I never lied
Baby does it look like I'm laghin'
I wish I'd never seen your smile
You say I never cried

If you show nothing, I show nothing
Friendship turns to dust
'cause if you show nothing
Then there's only one of us
If I say nothing, you say nothing
No one learns to trust
'cause if I say nothing
Then there's only one of us
