

Cowboy Junkies "Witches"

Visit "[Witches](#)" on MotoLyrics.com

There are witches in the hills
Calling my name
Sayin', "Come, join us sister
Come, kiss the flame
Come, dance in the moonbeams
Ride the night winds
Make love to the darkness
And laugh at man's sins"

I shiver with delight
I shiver with fear
My heart wants to go
But my soul's filled with fear
So I turn to my lover
And ask, "What do I do?
Do I answer their call or
Stay here with you?"

But under spell of deep sleep
He moans and turns away
Takin' his protection
And my desire to stay
So I rise to the hills
I ride the night winds
I make love to the darkness
And I laugh at man's sins
