Time of the Leaving moon  
Hordes appear on the horizon  
Wild screams in the morning  
The horn sounds the warning

Asgard prepares defiance  
Invaded by giants  
Weapons for the Einjerjer  
So starts the nightmare

Wigrid - the battle place  
Armies stood face to face  
Naglfar arrives  
To end the holy lifes

Ancient Yggdrasil fall  
Fire destroyed all  
Midgard died in flames  
Odin, Thor - only names

Sun's daughter rises  
Humanity survives  
Yggdrasil got back it's might  
Asgard shines in new pride

Ragnarok - Endkampf  
Reviews the world  
Ragnarok - final war  
Destroys the old
