"Bad Story"

Visit "[Bad Story](#)" on MotoLyrics.com

I'm staring at the window but you never walk through
my door
I've only said that I love you and you ran away through
that door
That door

Why are you so scared of all this
Can't you see that it's just what I feel

And you leave me alone with this bad story to tell
Yes you leave me alone but I don't want
Stare at that door anymore

So I take all my clothes and I bring them away from
your home
But I'm leaving there that one, it's your favourite, it's all
black...black

Maybe I think that if you see it
It will bring you back to me

Instead of leave me alone with this bad story to tell
Yes you leave me alone but I don't want
Stare at that door anymore
Cause you don't know what you want

I'm looking at the window again, but I'm doing that
walking away
Ooooohhh

And now I leave you alone with some good stories to
tell
Yes I leave you alone cause you don't want
Walk through that door anymore
Cause you don't know what you want
Walk through that door anymore
