I've been waiting for you to wake up
And realize I was the one
You've been waiting for me to break up
With you so we could be done

I've been working on something different
That only we could enjoy
But you've been working for something different
That only you could destroy

Can't you see the waves crash over your shoulders?
Can't you see the sunshine here in my eyes?

I don't wanna hear you talking
Or fear you when you're stalking
You can watch me walking
'Cause I'm so much better than that
Hear me saying I'm not participating
All the games you're playing
'Cause I'm so much better than that

Nananana nanananana nanananananana

I've been hoping that you would save me
So I could stand and be strong
But you've been hoping to drive me crazy
To tell them all I was wrong

I'm never gonna take this anymore
I will not take your hatred anymore
So you can have your hurt and wear it like a crown

I don't wanna hear you talking
Or fear you when you're stalking
You can watch me walking
'Cause I'm so much better than that
Hear me saying I'm not participating
All the games you're playing
'Cause I'm so much better than that

Nananana nanananana nanananananana, yeah
Nananana nanananana nanananananana, yeah

I don't wanna hear you talking
Fear you when you're stalking
You can watch me walking
'Cause I'm so much better than that
Hear me saying I'm not participating
All the games you're playing
'Cause I'm so much

I don't wanna hear you talking
Or fear you when you're stalking
You can watch me walking
'Cause I'm
