Hey all you hick chicks dixie divas and you southern  
bells  
All you redneck women let me hear you yell  
All you hick chicks dixie divas and you southern bells  
All you redneck women let me hear you yell  
All you hick chicks dixie divas and you southern bells  
All you redneck women let me hear you yell  
All you hick chicks dixie divas and you southern bells  
All you redneck women let me hear you yell

Get up move your body to the beat  
Witness the dope lyrics that I speak  
Get this deep into your cranium  
Drop it like it's hot til you're glowing like uranium  
Country girls in the cowgirl hats wit the tattoos on their  
back  
In the middle right above the waistline  
Hold up y'all here comes the bass line  
You like that 808 rattling feel it in your crack  
With the wail tail feed back, body on the meat rack  
Work a little harder so your boyfriend can see that  
Playing games with your man all evening  
Cuz you know your gonna leave here steaming  
Country girls keep the romance thick  
That's why all the fellas want a hick chick

Hey all you hick chicks dixie divas and you southern  
bells  
All you redneck women let me hear you yell  
All you hick chicks dixie divas and you southern bells  
All you redneck women let me hear you yell

Got the boys all checkin out your milkshake  
Each one tryin to figure what it'll take  
To get your name or possibly your email  
Cuz you're a straight up countrified female  
Like the fella that you met at the grocery  
He was everything a man is supposed to be  
But you took him to the club and he couldn't dance  
Ease up girl give the boy another chance  
We all know you want a man who can step

Knows how to move can dance two-step  
You're the one all the girls wanna be  
You're the one all the boys come to see

Is he watching all right girl do it right  
Do that little move that you know he likes  
The way you got him is the way you're gonna keep him  
So he ain't out on the low creepin'  
Country girls keep a romance thick  
That's why all the fella's want a hick chick

Hey where are the hick chicks  
(Right here)  
Where are the hick chicks  
(Right here)  
Where are the hick chicks  
(Right here, troy, right here)

Where are the hick chicks  
(Right here)  
Where are the hick chicks  
(Right here)  
Where are the hick chicks  
(Right here, troy, right here)

Hey all you hick chicks dixie divas and you southern  
bells  
All you redneck women let me hear you yell  
All you hick chicks dixie divas and you southern bells  
All you redneck women let me hear you yell
