I've seen that look in your eyes
Heard you swear its the truth
But your eyes and words
Don't say a thing about you

Between the sweetness of lies
Is the silence of trust
And I can hardly hear
Between the two us

Praise be the man who believes what he can
With his head in his hands
And a heart that's been broken into
I wanna believe in you

I'd like open my mouth
But I see that I'm bent
On a conversational accident

Praise be the man who believes all he can
With his head down in his hands
And a heart that's been broken into
I wanna believe in you

Oh hooooo
Oh hooooo
Oh hooooo
Oh hooooo

Tonight I'll drink from the cup
That you put to my lips
And in the morning see
If I am poisoned or kissed

I see that look in your eyes
Heard you swear its the truth
But your eyes and words
Don't say a thing about you

Praise be the man who believes all he can
With my head in my hands
And a heart that's been broken into

I wanna believe in

Oh ohhh

I wanna believe in you

I wanna believe in you

I wanna believe in you

I wanna believe in you
