I never wanted to be king or lord
or prince of my own land
I only wanted to be sure my heart was
always in your eyes
I'm standing naked every time I try to say
the way I feel
And if you run away you may be
running more or less forever-
Together we could make it better

I never thought the day could start
without you lying by my side
I only wanted to be sure your face
always near a smile
But now there's trouble 'cause a
restlessness has moved into your mind
If you won't stay with me today
tomorrow won't get any better-
Together we could make it better

I never thought that you could leave me
while I held onto your hand
I only wanted to be sure that you
would take me as I am
But now there's trouble 'cause a
restlessness has moved into your eyes
So if you run away you could be
running more or less forever
Together we could make it better
