Hey!
Hey!
Hey!
Hey!

She had all the tattoos and the piercings
Hates everything, says everybody's wrong
She dressed like she slept with Guns 'N Roses
But I busted her singin' all the boyband songs

She had to go
Simply because
And I let her go
Like she never was
'Cuz I didn't know
And I don't care what she does
She had to go 'cuz she didn't know who
Joe Strummer was

Hey!

At night when we stood in line for hours
Waiting to see my favorite punk rock band
I bled with the passion and the power
But she's only there for all the fashion trends
With her clueless friends

She had to go (She had to go)
Simply because (Simply because)
And I let her go (I let her go)
Like she never was (Like she never was)
'Cuz I didn't know (I didn't know)
And I don't care what she does (Simply because)
She had to go 'cuz she didn't know who
Joe Strummer was (Joe Strummer was)
Joe Strummer was (Joe Strummer was)

She started talkin' 'bout bein' my wife
But why would I wanna be with someone who doesn't
know The Clash
Save my life?

Hey!
Hey!
Hey!
Hey!

Go!

It's not that she didn't rock my casbah
It's not that I couldn't burn her London down
It's just that she kept on disappearing
Whenever the Sandanistas came to town
And burned it down!

She had to go (She had to go)
Simply because (Simply because)
And I let her go (I let her go)
Like she never was (Like she never was)
'Cuz I didn't know (I didn't know)
and I don't care what she does (Simply because)
She had to go 'cuz she didn't know who
Joe Strummer was (Joe Strummer was)
Joe Strummer was (Joe Strummer was)
Joe Strummer was (Joe Strummer was)
Joe Strummer was (Joe Strummer was)

She had to go (She don't know Joe)
She had to go (She don't know Joe)
She had to go (She don't know Joe)
She had to go (She don't know Joe)
Go!

Hey!
Hey!
Hey!
