Looked Like A Women

There was a girl uptown, she kept her lights down low.
She kept her breasts taped down, so they did not show.
She had a daytime job, she had a daytime name.
But her nightlife baby was a different game.
Never the kind to wear a thrift store dress, she did it
better in a suit and vest.

She looked like a woman but dressed like a man.
looked like a woman but dressed like a man. She
looked like a woman but dressed like a man. Looked
like a woman.

Well I was checking her out, (checking her out), I saw
she had no purse.
And though I had my doubts, I knew I had done worse.
She had a daytime job, she had a daytime name.
But her nightlife baby was a different game.
We kept drinkin' till we both got drunk, then I started
sayin' t I really thunk.

She looked like a woman but dressed like a man.
looked like a woman but dressed like a man. She
looked like a woman but dressed like a man. Looked
like a woman.
She had muscles and a crew cut.
She had shoes like mine.
She had a way with a pool cue.
She had a pick-up line.

I guess we closed that joint, and then she took me
home.
And tried to make her point with a doggy bone.
I knew that runnin' was a thing to do, but stayed and
finished until I saw it through.

She looked like a woman but dressed like a man.
looked like a woman but dressed like a man. She
looked like a woman but dressed like a man. looked
like a woman but dressed like a man. She looked like a
woman but dressed like a man. looked like a woman

but dressed like a man. She looked like a woman but
dressed like a man. looked like a woman but dressed
like a man.

Looked like a woman. looked like a women x4
But she dressed like a man
