

Cowboy Mouth "Slow Down"

I wake up
Start the coffee
Though you won't be up for hours
Fetch the morning paper
Lay them both out like they're hearts and flowers
And when you finish what I made you
Read the articles I saved you
I tell you that I couldn't sleep
Wondering if you still love me

Slow down
Slow down
Slow down
So we can speed up
Slow down
Slow down
Slow down
Slow down

On my tiptoes 'round the house
I tried my best to not disturb you
Quiet as a drunken mouse
Amuse myself until I've heard you
Then listen as ya brush your teeth
Wash your face turn on the TV
Till I think the moment's right
To try and talk about last night

Slow down
Slow down
Slow down
So we can speed up
Slow down
Slow down
Slow down

I just need my pics of you
It fills the holes inside of me
'cause whiskey, pot and pills don't make me
Feel so high, feel so free

It's what you do to me

Try to make it through the day
Chasin' all the same old ghosts
Has my fear become a drag 'cause
That's the thing I fear the most
You run your fingers
Through my hair
A thousand things that show you care
But sadness is my worst addiction
My head is filled with fact less fiction

Slow down
Slow down
Slow down
So we can speed up
Slow down
Slow down
Slow down

Slow down
Slow down
Slow down
So we can speed up
Slow down
Slow down
Slow down

Slow down

Slow
