Slow dancing moving to the rhythm  
Of my anger written in stone  
There's no reason nobody needs to know  
Souls meeting somewhere in the distance  
There's no rain or chill in the air  
I feel something you always said was there

I'll be waiting when the storm is over  
I'll be waiting when the fever is high  
Share your anger but swear that you'll never  
Take it out on me, let me see you smile  
Let me hear you scream for a little while  
Don't take it out on me 'cause there's nobody else  
around

Heart's beating flowing like a river  
Your safe opening's close to the door  
If you feel trouble you don't have to stay no more  
Old passions rising to the surface  
I look towards the day I was born, I'm so torn

I'll be waiting when the storm is over  
I'll be waiting when the fever is high  
Share your anger but swear that you'll never  
Take it out on me, let me see you smile  
Let me hear you scream for a little while  
Don't take it out on me 'cause there's nobody else  
around

I'll be waiting when the storm is over  
I'll be waiting till the fever is high  
Share your anger but swear that you'll never  
Take it out on me, let me see you smile  
Let me hear you scream for a little while  
Don't take it out on me, 'cause there's nobody else  
around

Take it out on me, take it out on me, take it out on me

Slow dancing moving to the rhythm  
(Take it out on me)  
Of my anger written in stone

(Take it out on me)  
There's no reason nobody needs to know  
(Take it out on me)

Take it out on me, take it out on me, take it out on me  
Take it out on me, take it out on me, take it out on me  
Take it out on me
