No more no more disregard  
This time I'll do it right  
You have to just have to  
Face the pain  
Inside your broken mind

And where is the  
Crossroads where we meet  
I see only darkness  
I'm trying to find the reason why  
You don't want to try

What I have to say  
You didn't want to see  
We were fading  
Now find the dignity  
And have some faith in me faith in me

Secrets will no longer have  
A hold of you and me  
Don't you know if you  
It won't just disappear  
Don't you remember

You told me how life can be so beautiful  
But nothing is happening  
I'm still waiting waiting  
Is it a sign

Now I'm standing here  
All alone  
I can see the way you hurt me  
Times before  
But I've had enough  
Had enough of your games  
I can make it on my own.

But still I wish  
That we could just be like before  
But nothing is happening  
I'm still waiting waiting

We could have been fine
