Every day i play your game
Try to find in, but all in vain
Still i believed i was a true friend

I am the April fool in May
Don't see the catch, am i to blame
The stupid kid who's always laughed at

Don't, don't, don't let go
Times will get better
Don't, don't let it get to you

Who are you and what am i
The one who covers up your lies
The broken heart that's always stepped on

And all the things that i have tried
Have brought me nothing but goodbye's
Been pushed around for goddamn too long

Don't, don't, don't let go
Times will get better
Don't, don't let it get to you
Don't, don't, don't let go
Times will get better
Don't, don't let it get to

Don't, don't, don't let go
Times will get better
Don't, don't let it get to you
Don't, don't, don't let go
Times will get better
Don't, don't let it get to you
