It's been a while since we sat down to watch the sun go  
down at 10

Pm is great to watch the sunset how come we never do  
that

Anymore to the shore drive an hour and drive back  
Please tell me why you've forgotten how much fun we  
used to have

Chorus:

Well I guess I'm not the one can it be this feeling's  
wrong?

Would you mind if I just left? I'm no better than the rest  
No, I can't stay here forever. You will find someone  
much better

And I won't pick up the phone. My heart is made of  
stone

We never saw the break of dawn never could stay  
sober till 6

Am is great to get your eyes closed and let the aspirin  
kick in

Nevermore to liquor stores foremost the best times I  
have had

Please tell me why you've forgotten how much fun we  
used to have

Chorus

How come you lack the self respect

To leave with dignity and tact

Although we tried, excitement died

I have to see what's out there

(x2)

Chorus

My heart is made of stone (x4)
