Something awful has made the incision Drifting out Brass coloured metal tip

Even in the desert The commandoes Synchronizing With visibility

Being safe is not being alive
Being safe is not being alive
Or being alive it's like being safe
Being alive it's like being safe
If this world is not a safe place
Then let's live
That's my victory

Natural extension of gods fingers Even in combat Trying to help But I'm not religious So I can't believe that Sometimes this gonna end

Being safe is not being alive Being safe is not being alive Or being alive it's like being safe Being alive it's like being safe If this world is not a safe place Then let's live That's my victory
