Twist me after the beginning, I'm twisted
Twist me after the beginning, I'm twisted
Twist me after the beginning, I'm twisted
Twist me after the beginning, I'm twisted

I will not give it back
This is how I feel
This is how I need

I will not give it back
This is how I feel
This is how I need

This is how I feel

I will not give it back
This is how I feel
This is how I need

And I want your love
And I need your hope
And I want you need
And I need your fingertips to let me in

And I want your love
And I need your hope
And I want you need
And I need your fingertips to let me in
You have to realize

Twist me after the beginning, I'm twisted
We have to synchronize
Twist me after the beginning, I'm twisted

I can not continue by myself
You can not continue on your own
I can not continue you will lead me on

I can not continue by myself
You can not continue on your own
I can not continue you will lead me on

And I need to feel that I'm fixed on you
I'm stuck with glue
When I'm singing the dubidubidube

And I need to feel that I'm fixed on you
I'm stuck with glue
When I'm singing the dubidubidube

Don't need to touch you, if you're seating in front
Under my seat I see your hands move on
Then I let you do
You will lead me on
Then I let you come
While my eyes are following you

Don't need to touch you
If you're seating in front
Under my seat I see your hands move on

Then I let you do
You will lead me on
Then I let you come
While my eyes are following you
