If youve got no respect for me then Ive got no respect  
for you  
Nothing that you say makes sense it isn't even relevent  
I slam my fist against the wall it doesnt't't seem to help  
at all  
Im still filled with all this rage it doesnt't't ever go away

You can't understand any of this unless youve been  
there  
Its hard to happy when your all screwed up  
Pent up rage inside of me pent up rage inside of me  
Pent up rage inside of me pent up rage inside of me

Sometimes I don't know who to to trust  
I hate myself when I mess up  
Sometimes Ive got nowhere to turn  
Stuck with myself why don't I learn?  
My friends they feel the same as me  
So they don't take it personally  
We sit around and question why  
Passing time until we die

You can't understand any of this unless youve been  
there  
Its hard to happy when your all screwed up  
Pent up rage inside of me pent up rage inside of me  
Pent up rage inside of me pent up rage inside of me

If youve got no respect for me then Ive got no respect  
for you  
Nothing that you say makes sense it isn't even relevent  
I slam my fist against the wall it doesnt't't seem to help  
at all  
Im still filled with all this rage it doesnt't't ever go away

You can't understand any of this unless youve been  
there  
Pent up rage inside of me  
Its hard to happy when your all screwed up  
Pent up rage inside of me

You can't understand any of this unless youve been

there  
Pent up rage inside of me  
Its hard to happy when your all screwed up  
Pent up rage inside of me

Pent up rage inside of me pent up rage inside of me  
Pent up rage inside of me pent up rage wont go away
