What if they steal my skateboard?
What if they steal my drums?
What if they steal my talent?
What if they steal my shoes?

Alien...alien clones
Alien...alien clones

What if they steal my socks?
They'll give back my socks
They won't want my socks
I know them by the stink

Alien...alien clones
Alien...alien clones

I'm really mad at my brother
He always criticize me
He tells me its the wrong word
or the right note

Im very mad at him about that
So now im going to criticize him
about other stuff like

[Spoken (skateboarding and drums)]

Now im not going to put up with this

Alien...alien clones
Alien...alien clones

Alien...alien clones
Alien...alien clones
