I indeed i indeed can see  
I indeed i indeed can see

But the question is can you see me  
But the question is can you see me

I indeed i indeed can see  
I indeed i indeed can see

Everything will be alright  
Everything will be okay

Just gotta hold on tightly  
Just gotta stay with the group

I indeed i indeed can see  
I indeed i indeed can see

But the question is can you see me  
Yes the question is can you see me ohohoh

I indeed i indeed can see  
I indeed i indeed can see  
I indeed i indeed can see  
I indeed i indeed can see  
I indeed i indeed can see you  
I indeed i indeed can see your face  
I indeed i indeed  
I indeed i indeed  
I indeed i indeed
