It took a lot of courage
Look how far you're come
You can always go home
You cannot call it failure
Least of all regret
Is this the sum and substance
What defines

Tell me something true (x 3)

Never really had "it"
Never had the goods
Wasn't quite the shape to fit
A favourite of fortune
What a lucky girl
It's what we all believed in
There's no shame

Tell me something true (x 6)

The day turns angry
And I'm pushed and pulled
I'm turned up and over
Like a bag on the wind
It's my storm in a teacup
Honestly I'm drowning
But who wants to know
Compare it to suffocation, stagnation
It's not a bad way
It's not a bad way to go

Sift through and discard
Try to make sense of it
All this talk
Confuse and distort
Try to make sense of it
All this talk

I can see your lips move
I can hear the sound
I believe you believe what you say

Static in the signal
Hammer in my head
I'm helpless to receive
Close it down

Tell me something true (x 6)
