Well, come on
Follow down the path of love

Come on, little children
Gather 'round me and hear what I say
To lead the life you should
You got to strive to be good every day

You can brighten the dark
With a light in your heart
That'll shine like the sun above
So come on, follow down the path of love

Come on, everybody together
Come on, let me show you the way
Come on, we can do much better
Follow down the path of love

Come on, everybody together
Come on, let me show you the way
Come on, we can do much better
Follow down the path of love

Believe there is someone who loves you
No matter what
You can count your blessings
And be happy with whatever you've got

Won't you brighten the dark
With a light in your heart
And let it shine like the sun above
So come on, follow down the path of love

Come on, everybody together
Come on, let me show you the way
Come on, we can do much better
Follow down the path of love

Come on, everybody together
Come on, let me show you the way
Come on, we can do much better
Follow down the path of love

Come on, everybody together
Come on, let me show you the way
Come on, we can do much better
Follow down the path of love

Follow down the path of love
