I had a dog and his name was Blue  
I had a dog and his name was Blue  
I had a dog and his name was Blue  
Betcha five dollars he's a good 'un too

Here Blue, you good dog you

Shouldered my gun and i tooted my horn  
Gonna find a possum in the new ground corn  
Old Blue barked and I went to see  
Cornered a possum up in a tree

Old Blue died and he died so hard

Shook the ground in my backyard  
Dug his grave with a silver spade  
Lowered him down with links of chain

Every link I did call his name  
Here Blue, you good dog you  
Here Blue, I'm a-coming there too
