1-

There's a time an late september  
When the leaves begin to fall  
And the shore is empty ready to surrender  
Picket fences seem to linger  
As the wind begins to blow  
And the traces in the sand are getting slender

R-

I don't want to say goodbye  
Like the summer days I'll miss you  
Seasons change but we must try  
How can I forget I kissed you?  
(Repeat)

2-

There's a place that I remember  
Where we secretly could go  
Just to whisper magic in the moonlight splendour  
There's a place down by the water  
Where the birds of summer show  
Just before they fly away in late september

3-

I don't want to say goodbye
