Oh, there was once a time so long ago  
When we shared our lives, our hopes  
I thought that we belonged and if that is true  
How can I go on without you?

And I'm never gonna love that way  
Not like I did with you  
Time was mine but doesn't hide my heart  
Life just goes on without meaning when we're apart

And I'm never gonna love that way  
Nothing but memories live inside and never die  
They last forever in my heart I know  
If love was that way it will always be  
(It will always be)

And I often hear you laugh  
Through my tears as I'm looking back at us  
You touched me in a place deep in my soul  
Time cannot erase the dreams I hoped

And I'm never gonna love that way  
Not like I did with you  
Time was mine but doesn't hide my heart  
Life just goes on without meaning when we're apart

And I'm never gonna love that way  
Nothing but memories live inside and never die  
They last forever in my heart I know  
If love was that way it will always be that way

And I have been there waiting just for you  
Doesn't matter how much time it takes  
'Cause my love is always true

And I'm never gonna love that way  
Nothing but memories live inside and never die  
They last forever in my heart I know  
If love was that way it will always be that way
