I never dared to reach for the moon
I never thought I'd know heaven so soon
I couldn't hope to say how I feel
The joy in my heart, no words can reveal

Over and over, I whisper your name
Over and over, I kiss you again
I see the light of love in your eyes
Love is forever, no more goodbyes

Now just a memory, the tears that I cried
Now just a memory, the sighs that I sighed
Dreams that I cherished, all have come true
All my tomorrows, I give to you

Over and over, I whisper your name
Over and over, I kiss you again
I see the light of love in your eyes
Love is forever, no more goodbyes

Life's summer leaves may turn to gold
The love that we share will never grow old
Here in your arms, no world's far away
Here in your arms, forever I'll stay

Over and over, I whisper your name
Over and over, I kiss you again
I see the light of love in your eyes
Love is forever, no more goodbyes

Over and over, I whisper your name
Over and over, I kiss you again
I see the light of love in your eyes
Love is forever, no more goodbyes
