All of my life
It's like I've been waiting for you
Been so long overdue

But this time it's right
There's no second thoughts in my mind
'Cause you're one of a kind

And I want you to stay
Want you more every day
With all of my heart
And in every way, baby

You can count on me
You can count on me
Oh, endlessly

Baby, this love of mine is a river
Day after day, it goes on forever
This love of mine is an ocean
So deep and so wide, filled with true devotion

This love of mine
This love of mine

I'll be a friend
When you need someone to hold
When you're out in the cold

I'll take you in
Whenever you're lost in the night
And there's no end in sight

I will show you the way
Turn the night into day
Whenever you need me
You just call my name, baby

You can count on me
You can count on me
Oh, endlessly

Baby, this love of mine is a river
Day after day, it goes on forever
This love of mine is an ocean
So deep and so wide, filled with true devotion

This love of mine
This love of mine

Every time I see your face
I want to say a little prayer
Heaven's such a sacred place
Can you take me there?
Can you take me there?

This love of mine is a fire
Day after day it gets higher and higher
This love of mine is a mountain
So sure and so strong that you cannot doubt it, baby

This love of mine
This love of mine
This love of mine
