Verse: 1

The journey's been so long and weary  
And my strength seems gone.  
But in the valley it takes more travel,  
By Grace I'm goin' on.  
For by Faith there is a place I can almost see, I know  
God has a Mountain-top for me.

Chorus: 1

Though I've gone through the valley low,  
Climbed the mountain high  
I've been through the rivers deep,  
Came through the swelling tide  
I know there is a resting place,  
A land of joy and peace  
Very soon, there'll be a Mountain-top for me.

Verse: 2

I have wept bitter tears,  
Thought night would never end.

Had nothing left to hold onto,  
Except my Faith within.  
The adversary promised  
I'd go down in defeat, but all along  
That was a Mountain-top for me.

Chorus: 2

Though I've gone through the valley low,  
Climbed the mountain high.  
I've been through the rivers deep,  
Came through the swelling tide.  
I know there is a resting place,  
A land of joy and peace.  
Very soon, there'll be a Mountain-top for me.
