Verse 1:

I took the challenge when I said I would stand.
I knew it wouldn't be an easy thing, cause it messed up
Satan's plan.
God gives me daily strength to stand in victory.
Though the powers of Hell may come my way,
Greater is He in me.

Chorus:

Greater, Greater, Greater is He in me.
I'm singing, I'm shouting, I'm happy and I'm free.
I'm a soldier in an army that never has known defeat.
Greater, Greater, Greater is he in me.

Verse 2:

For song long I wondered in this cold, cruel world
alone.
Heartbreak and much failure was just about all I'd ever
known.
Then I met God's only Son who listened to my plea.
Now life is a brand new chapter,
Greater is he in me.
