#### Verse 1:

I found myself seated in the line of fire. That ole'  
Preacher man sure had the holy power. With his Bible  
he read my life like he knew it well. The more I put up  
with my defense, the more conviction fell

#### Chorus:

I took a walk, I took a walk down to the alter that night. I  
knelt to pray I cried I want to make things right. What  
they were singing slips my memory, there's alot I can't  
recall. But I won't forget the mercey and i won't forget  
the walk.

#### Verse 2

As they opened up the hymn book and begin to sing A  
cloud of joy filled the building like a covering. With the  
invitation given, sinner won't you pray.  
The wore I tried to leave the more I couldn't get away.
