### Verse 1

Two friends were talking about God's wonderful grace  
and love

one came from a Christian home, the other's life was  
tough

One met Jesus as a child one, was scared from all he'd  
been

though their lives were different, you would hear from  
each

of them

### Chorus

You can't imagine what the Lord has done for me. I try  
to

tell you but I doubt that I could ever make you see.

What

would I do without Him where on Earth would I be

You can't imagine what the lord has done for me.

### Verse 2

If we were sharing, about the road we traveled here,

We've come from separate worlds, but mercy brought  
us near

No matter what we've done, we're on common ground  
today

At the cross of Jesus, every one of us can say

### Chorus

You can't imagine what the Lord has done for me. I try  
to

tell you, but I doubt that I could ever make you see.

What

would I do without Him, where on Earth would I be

You can't imagine what the Lord has done for me.

Oh you can't imagine what the Lord has done for me.
