We go where we like
We got overtime
We got paid to rattle our chains

We go in the back
Paint our money black
Spend it on the enemy

Sleeping in the church
Riding in the dirt
Put a banner over my grave

Make a body work
Make a beggar hurt
Sell me something vague and untamed (untamed,
untamed)

*Now a time a real good time
Now a time a real good time
Now a time a real good time

Baby you're mine

We know how to pray
Party everyday
Make our desolation look plain

Riding in a rut
Till the power's cut
We don't even have a good name

Sleeping in the church
Riding in the dirt
Put a banner over my grave

Make a body work
Make a beggar hurt
Sell me something vague and untamed

*Repeat (x2)

Feel good real good, it's the same old same
Real good feel good, don't got no more brains
Feel good real good, it's the same old same
Real good feel good, don't got no more brains
Baby you're mine
