The good guys dress in black,
remember that just in case
we're ever face to face
make contact the title held by me,
MIB means what you think you saw you did not see
so don't blink B what was there is now gone black suit
with the black ray bans on walk in shadow,
move in silence guard
against extraterrestrial violence but yo,
we ain't on no government list
we straight don't exist no names
and no fingerprints saw something strange,
watch your back because you never quite know
where the MIB is at, ugh

*Here come the men in black
galaxy defenders
here come the men in black
they won't let you remember

From the deepest of the darkest of night on the horizon
bright light into sight tight
camera zoom on the impending doom
but then like "boom" black suits fill the room up
with the quickness talk with the witnesses hypnotizer,
neutralizer vivid memories turn to fantasies
ain't no MIB's can I please do
what we say that's the way we kick it,
ya' mean or see my noisy cricket get wicked on
ya' we're your first,
last and only line of defense against the worst scum of
the universe so don't fear us,
don't jeer us we're the fearless
MIB's freezin' up all the flack
what's that stand for men in black, ugh

Let me see you just bounce it with me,
just bounce it with me, just bounce it with me, come on
Let me see you just slide with me, just slide with me,
just slide with me, come on
Let me see you take a walk with me, just walk it with

me,
take a walk with me, come on
Now make your neck work, now freeze

*Repeat

A'ight, check it, let me tell you this in closing now
I know we might seem imposing
