Well, I'm not gonna cry anymore, no, no
I've gone all to pieces before
I'll be leaving my heart
When I walk out the door
But I'm not gonna cry anymore, no, no
I'm not gonna cry anymore

I've been up (up) I've been down (down)
I've been jilted and jacked around
Treated worse by my best friend
So close to tears again

But I'm not gonna cry anymore, no, no
I've gone all to pieces before
I'll be leaving my heart
When I walk out your door
But I'm not gonna cry anymore, no, no
I'm not gonna cry anymore

I tried so hard to make it right
But you just wanted to fuss and fight
You'll be sorry that you made you cry
When I turn to you and say goodbye

But I'm not gonna cry anymore, no, no
I've gone all to pieces before
I'll be leaving my heart
When I walk out your door
But I'm not gonna cry anymore, no, no
I'm not gonna cry anymore

Not gonna cry anymore, no, no
Not gonna cry anymore
Not gonna cry anymore, no, no
Not gonna cry anymore...
