V1

Walking in the park one day  
Something took my breath away  
Everybody listening to the music  
No one else could hear.

V2

Walking in the dark one night  
Saw a most amazing sight  
Everybody looking through the  
Showroom window  
Everybody dreaming  
Of the speed they could go  
Everybody won'dring  
If their next door neighbours  
Would appear.

Everywhere they have  
A very big selection
