If you don't give a damn
Then don't expect
Anything from me
Anything from me

My heart was on my sleeve
It beat for you
But you didn't see
But you didn't see

What was that kiss
What did it mean
Was I too hopeful
Too naive

What was that kiss
Did you agree
Were you just playing with me
What was that kiss

You want me as a friend
And I do too
But you don't talk to me
No you don't talk to me

It's getting near the end
Now I'm awake

You were but a dream
You were but a dream

What was that kiss
What did it mean
Was I too hopeful
Too naive

What was that kiss
Did you agree
Were you just playing with me
What was that kiss

A mirror to your face

Would show you that
You neglected me
You neglected me

I fell back into love

If you don't give a damn
Then don't expect
Anything from me
Anything from me

What was that kiss
Was I too hopeful
Too naive
