Since you left me everything has turned out wrong
Because I've missed you, haven't kissed you for so
long
And I have acted very strange
I just can't keep my life arranged without you here
Oh, how I need you near

Every letter that I have received from you
I've read them ninety, more than ninety times, it's true!
And now I really know for sure
Can't live without you anymore
Although I've tried
Oh baby, how I've cried

One more lonely night
And then I'm gonna have you by my side
Hurry, darling!
One more lonely night
I'm waiting for the morning light and you

Lately I've been dreaming, I've been almost blind
'cos everywhere, yes anywhere, you've crossed my
mind
Once I walked in to a door
And then I stumbled in the store and broke the china
there
Imagine my despair.

Woke up in the morning and I realized
I really need you and indeed you ain't surprised
Because you told me on the phone
That you have always known
That you'll be mine until the end of time

One more lonely night
And then I'm gonna have you by my side
Hurry, darling!
One more lonely night
I'm waiting for the morning light and you

Used to love my freedom

But you made me change
And now I wanna make you stay

One more lonely night
And then I'm gonna have you by my side
Hurry, darling!
One more lonely night
I'm waiting for the morning light and you
