"Nothing"

Everything comes, everything goes
Through the windshield, out the windows
Everyone hears, everyone sees
Wasted years, rest in peace

The water, the water
A brand new world order
The circus, the circus
Exploiting the workers

Every outlaw's got his in call
Every kingpin's got his kingdom
Tell the whole class, tell the whole world
Say the wrong things, do the right girl

The camera in action
The broken connection
The next one will make it
Don't touch it, you'll break it

You gave me nothing
You gave me nothing
You gave me nothing
And now you want it back

You gave me nothing
You gave me nothing
You gave me nothing
And now you want it back

Every day comes, every day goes
Go pierce your eardrums, here's the weird out
Smash your anthem, make your arms neat
But please be handsome, sexy, and sweet

The water, the water
A brand new world order
Deny them, resist her
Get fucked by the sister
The camera in action
The broken connection

The next one will make it
Don't touch it you'll break it

You gave me nothing
You gave me nothing
You gave me nothing
And now you want it back

You gave me nothing
You gave me nothing
You gave me nothing
And now you want it back

And now you want it back
And now you want it back
Now you want it back
