"Bad Vibes Everybody"

Bad vibes, everybody
Bad vibes, everyone
Bad vibes, brothers and sisters
Yeah, bad vibes, everyone

I know it's wrong to blame the world for all my troubles
But that don't mean I can't give it a try
Don't fuck me up with the peace, love and
understanding
It's time to give the other side a try

Bad vibes, everybody
Bad vibes, everyone
Bad vibes, brothers and sisters
Yeah, bad vibes, everyone

Well, I've been clean and I've been calm
And I've been sober until everyday is just like a day in
church
I've been in love and just fucked with my conviction
To celebrate the bad things in this world

Bad vibes, everybody
Bad vibes, everyone
Bad vibes, brothers and sisters
Yeah, bad vibes, everyone

Okay, stop
