He wasn't out to get me  
He wasn't quite so easy  
Time isn't on my side  
I am under pressure from myself  
Too late to find it all again  
I am out to get my only friend  
Sometimes, Sunrise  
Sometimes, Sunrise  
Feeling like I'm Blinded  
Too much to try and Find it  
I want to fall around  
I'm under pressure from myself  
Too late to find it all again  
I am out to get my only friend  
Sometimes, Sunrise  
Sometimes, Sunrise  
An interesting show  
But now it's all to go  
I just want to lie there  
Need to found our way  
A constant Alibi  
No effect on Zero  
CHUCK  
Miracle indeed  
Nothing else to feed  
I've become a relic (Don't know about this line J)  
Chuck x4
