G(sus4) raining

Em Well I know it was C wrong to feel love like a G
burden G7
B But if we all were Em angels C(7) Heaven would be
earth
G So I left my baby, B I left her C down in Hollywood
G(sus4) Cemetary.

BREAK:

Em-C-G-G7-B-Em-C(7)

G-B-C-G(sus4)

She got her petees? and coffee ,while the band plays a
funeral dirge
In New Orleans Mardi Gras, but I'm sick as a dog, here
in Texas

When the one that you love's in the arms of another
man
You've got to rise above it, and let her go
Leave your baby down, leave her down at Hollywood
Cemetary

REPEAT BREAK

G(sus4)
